

26-Jan-2024

**PCN #:** PCN-24-198485

**Subject :** Clarification about Non-MIL Spec parts availability

**Description of Change :** Dear customer,

Unfortunately, some previous PCN s recently issued (PCN-23-183956, PCN-23-186195, PCN-23-188177, PCN-23-189230) have caused some confusion for our customers. This PCN has been issued with the intention of providing greater clarity regarding these PCN s.

Due to extended lead times for products that require ongoing maintenance with Navair, (the governing body for Mil Spec), TE has decided to introduce Non Mil spec equivalent part numbers. Going forward, the Non Mil Spec parts can be used to serve the customers who do not require Mil Spec when the Mil Spec products are on hold due to ongoing product maintenance.

Most of the current Mil Spec products are still comply with Mil Spec, they can continue to be sold and used as normal when Mil spec is required or not required.

Attached list of Performance Material heat shrink tubing products (Please check attachments) that have released Mil Spec approval. All of these product families have equivalent Non Mil Spec part numbers proactively created for future needs when the Mil Spec products are on hold due to ongoing product maintenance.

The new Mil Spec release for the above product families (Check attachments) will be updated and communicated as soon as we receive Navair approval. Please watch for our PCN in the future.

Please also see attached the cross reference spread sheet for the part numbers (See Attachment) and descriptions. Both Mil Spec and Non Mil Spec versions will be available on TE.com.

**Reason :** Update made to improve document clarity

**Key Dates :**

**Contact By Date:**29-Apr-2024

**Implementation Date:**29-Apr-2024

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.

Alert document created by IHS Markit based on content provided by TE Connectivity.
