**PCN #:** PCN-24-199366

**Subject :** adding additional cavity markings for NTSEAL 20P

**Description of Change :** The Industrial and Commercial Transportation business unit of TE Connectivity is adding additional cavity markings for NTSEAL 20P for the part numbers listed below. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via [iaict-ppap-request@te.com](mailto:iaict-ppap-request@te.com) or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings will be updated

**Reason :** Dear Customer, we hereby inform you of this change. The change is necessary to due to avoid cavity marking ambiguity. The change will not impact connector performance. **IMPORTANT:** The current and previous revisions of these parts can be used interchangeably in the field. The change(s) are being phased in gradually and previous revision can remain stocked until use. Shipments of both configurations may be mixed.
