TE Connectivity

Product Change Notification: P-26-029546 **PCN Date:** 05-JAN-26

Customer: TTI Inc (1305175) **Location:** Maisach-gernlinden **Agreement:** Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
Packaging Material Change for P&S, Identification Products

Description of Changes
Dear Customer, We would like to inform you about an upcoming change in the material used for our corrugated cardboard boxes and spools. To further enhance sustainability, improve ecological impact, and ensure long-term material availability. We will be transitioning from white corrugated board to brown corrugated board for all packaging products. **Other attachments:** Packaging details

Reason for Changes:	
Product improvement.Product improvement.Product improvement.Product improvement. -> Sustainability: Brown corrugated board requires less processing and fewer resources during production, resulting in a lower environmental footprint. -> Ecology: The material supports improved recyclability and aligns with circular-economy principles. -> Availability: Brown board is more widely available, reducing the risk of supply disruptions and ensuring consistent delivery performance. Impact on Product Quality and Performance: Please note that this material change does not affect the structural integrity, protective performance, or functional characteristics of the packaging. All dimensions, specifications, and quality standards remain unchanged. Implementation Timeline: The transition will take place progressively as stocks are replaced. During this period, you may receive packaging in either white or brown material until the change is fully completed.	
Estimated Dates:	
Last Order Date (Obsolete Parts Only):	**First Date To Ship** (Changed Parts Only):
	01-FEB-2026
Last Ship Date (Obsolete Parts Only):	**Last Date for Mixed Shipments:** (Changed Parts Only):
	31-JUL-2026
