**Subject:**RT relay - material change actuator (cover)

**Description of Change:** We have to replace the material of the actuator of the RT and RT-Inrush relay series. Internal tests for qualification of replacement materials are in process. Approval documents (UL, VDE, etc) will be updated in time. No change of specification or part number. On "Potter&Brumfield" branded relays also the relay cover is affected in the same way.

**Reason:** The supplier of the currently used resin (Crastin CE7931FR) announced short term discontinuation of this material. In order to keep up production and relay supply we will have to use alternative materials.

**Impact of Change:**form - fit - function
