

22-Feb-2012

**PCN #:**P-12-007722

**Subject:**Ampseal 16 Cap Assemblies 2 and 4 positions

**Description of Change:** As part of TE Connectivity effort to improve delivery times, we would like to inform our customers that additional product assembly capacity will be implemented. This is considered a no risk process since all controls will be the same as the existing production assembly line. we would like to assure our customers that implementation of this capacity increase will not disrupt current product and shipments.

**Reason:** Product improvement.Qualification plan; production sign-off; Product Engineer review, evaluation and approval; Product Qualification (PPAP) and Part Submission Warrant (PSW); QIP.

**Impact of Change:**form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

Tyco Electronic's corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the Tyco Electronics Product Information Center at 800-522-6752 or your Tyco Electronics Sales Representative.
