

13-Jun-2013

PCN #:E-13-008593

Subject:CST-100 Shrouded header Assembly with Friction Lock

Description of Change: This change reverses the previous change and reverts back to Matte Tin

Reason: Product improvement. Some customers can not accept the previous change from Matte Tin to Bright Tin. This change will reverse that previous change. All contacts for dash-32 through dash-44 will be Matte Tin.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
