PCN #:E-13-012815

Subject:Ring terminal and spade

Description of Change: In an effort to standardize raw material on a global basis, TE Connectivity has completed a review of our current material standards for Brass connectors. This review has resulted in our decision to reduce the number of regional alloys and align at the global level by standardizing on C27400 alloy.

Reason: Product Improvement. Standardization the raw material

Impact of Change:form - fit - function
