**PCN #:**P-13-009511

**Subject:**Change of TE logo and VDE Mark marking for MSR/V23061series,

**Description of Change:** Based on the latest decision of the VDE Certification Committee, from now on all related and issued VDE- G-Mark Approvals for relays will be transferred into a VDE-Mark Approval . This is just a formal action, required by the VDE Certification Committee, without any changes in fit, form and function of the relay. In the past the "Certificate of Conformity with Factory Surveillance " and the "VDE Certification Mark " always have been equal in quality and recognition worldwide. Together with this change also the TE logo will be changed to the latest version. In addition, to improve the marking quality, the current ink marking will be changed to laser marking.

**Reason:** Product improvement.

**Impact of Change:**form - fit - function
