

02-Oct-2013

PCN #:E-13-010499

Subject:AMPLIMITE Shielding Hardware Enclosure Kits

Description of Change: The jackscrews included with these kits are being changed from a zinc diecast material to a cold headed steel material with a black zinc nickel finish.

Reason: Product Improvement. This change will result in sturdier jackscrews.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
