

16-Jun-2014

PCN #:P-14-010254

Subject:COPALUM Terminals

Description of Change: The protective packaging material will be changing from a plastic mesh sleeve to a cohesive coated polyethylene foam for the part numbers noted in this PCN.

Reason: Product improvement. Current method causes long term ergonomic concern related to repetitive motion with inserting terminals into the mesh sleeve. In addition, it will be easier to remove the product from the new packaging material. The foam will also provide a protective advantage over the plastic mesh sleeve.

Impact of Change:form - fit - function

The dates on the product change notification (PCN) are best estimate dates determined at the time of issuance. Actual implementation dates may vary from such dates.

The change described in the PCN can be withdrawn, without notice, for any or all of the products identified on the PCN.

TE Connectivity corporate policy is for PCNs to be valid for 60 days and obsolescence notices to be valid for 180 days after date of issue.

For confirmation or additional information on the change, please contact the TE Connectivity Product Information Center at 800-522-6752 or your TE Connectivity Sales Representative.
