IP44

Product description

- Powerful: With an impressive current rating of 16A and a maximum power of 3500W, this plug is designed for heavy-duty tasks. You'll never have to worry about performance.
- Weatherproof: Whether it's raining or the sun is shining, this plug can handle it. With a durable IP44 rating, it's protected against dust and moisture.
- Versatile: Use it indoors, outdoors, wherever you need it. It adapts to your needs.
- Reliable: This plug is built to last, with high-quality rubber and a sturdy design.
- Convenience : Thanks to its compact design and lightweight construction, it's incredibly easy to use. You can take it with you wherever you go.
