

Accuris has added the following environmental document to the active parts as mentioned in the document from Vishay Intertechnology Inc as of 12-July-2017.

Thank You.

ROHS II Compliance Statement

Directive 2011/65/EC – RoHS recast

12th July, 2017

Dear Valued Customer,

Vishay Intertechnology Inc. is committed to be in compliance with all applicable global laws, directives and regulations.

Unless otherwise specified, Vishay Intertechnology Inc. hereby certifies that all its products that are identified as RoHS compliant fulfill the definitions and restrictions defined under Directive 2011/65/EC of the European Parliament and of the Council of June 8, 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment (EEE) – recast.

Vishay Intertechnology Inc. is keenly aware that RoHS II exemptions that currently apply some of our products are set to expire since July 21st, 2016 – already prolonged to late 2017, when EU commission decision is expected.

We are actively still searching for alternatives and are scrutinizing viable (performance, quality and costs) options.

We have worked with Electronic Industry Leaders and Global Electronic Industry Associations to prepare necessary investigations for relevant exemption renewal applications. Renewal applications, where required, are finalized.

Currently concerned exemptions as per Annex II, RoHS II are 6 a, b, c, 7 a, 7 c(I) and 7 c(II).

Please mail your request to VPECM.Surveys@Vishay.com for specific products RoHS compliance reports.

A handwritten signature in blue ink, appearing to read "Johan Vandoorn". The signature is fluid and cursive, with a long horizontal stroke at the end.

Johan Vandoorn
