

Material changeover of the levers in the LMZFL product family

Dear Madam or Sir,

Product adaptations serve the purpose of continuous product and/or process improvement. The listed products are delivered in a modified version. Please pass this product information on to your employees and, if needed, to your customers.

1. General Overview

Type of notification: PCN PDN Short-term action

Short-term action due to:

- | | |
|--|--|
| <input type="checkbox"/> Software / Firmware Bugfix | <input checked="" type="checkbox"/> Short term delivery stop by supplier |
| <input type="checkbox"/> Short term recall by supplier | <input type="checkbox"/> Force majeure |
| <input type="checkbox"/> Product improvement with customer benefit | <input type="checkbox"/> other |
-

2. Technical changes

Due to a short-term supply stop of the plastic granulate PA66 V2 WT, the white levers of the new version are manufactured from the raw material POM HB AO. The raw material is listed with UL in the product approval.

3. Availability

With this letter we inform you that the change will be implemented immediately in production. There will be no stock adjustment. Therefore, within a delivery from this point on, mixing of the variants may occur, but not in one packaging unit.

4. Affected parts

A list of the affected articles can be found in the appendix.

5. Data

All technical data and functional features are unaffected by this measure.
Detailed information on the technical data can be found for the individual products in the online catalog.

We are very sorry for all the inconveniences caused and doing everything to adjust this product change as smooth as possible without big influence on delivery times and general functions.
For further questions please contact your sales office directly. All contacts for sales representatives are available here:
