February 2012

Conflict Minerals Dodd-Frank Act Section 1502

Ladies and Gentlemen,

In July 2010, President Obama signed into law H.R. 4173, the Wall Street Reform and Consumer Protection Act. Section 1502 of that act imposes reporting requirement for US companies on manufacturers of products that contain metals derived from minerals that originate in the Democratic Republic of Congo or an adjoining country (so-called "conflict minerals").

This is to certify that Weidmüller is not sourcing from vendors in the Democratic Republic of Congo at this time. To my knowledge no "conflict materials" are contained in Weidmüller products. It is Weidmüller's policy, not to use "conflict materials" or items deriving from "conflict materials" in its products.

Sincerely

A handwritten signature in blue ink, appearing to read "Brian Schofner", with a large, sweeping flourish extending to the right.

Brian Schofner
President
